

## AF SERIES

Self-contained ice machines producing Flake ice. Delivering pure freshness.

## HIGHLIGHTS

- **Agion**: the technology that makes products cleaner and longer lasting with built-in protection working 24/7 to resist the growth of microbes and the development of unpleasant odors.
- **Clean alert**: advises with a blink when it's time to clean the filter (except AF80 and AF103).
- **Electronic control**: ambient and water temperatures may change throughout the years but your ice machine will stay the same.
- Front access condenser air filter: a do-it-yourself cleaning operation that saves time and money and makes your ice maker live longer (except AF80 and AF103).
- Water in / ice out concept (no cycles, zero water wastage): limits to almost zero excess energy, water and time wastage.
- Ergonomic access to ice with sliding disappearing door: one-touch door lift, makes barman's life significantly easier.
- **PWD Progressive Water Discharge**: pumps excess residual water up to a distance of 15 meters (optional).

## Flake ice

Ice in its most natural shape, highly versatile and suitable for multiple applications.

25% residual water content.
