HIGHLIGHTS

- **Agion:** the technology that makes products cleaner and longer lasting with built-in protection working 24/7 to resist the growth of microbes and the development of unpleasant odors.
- **Electronic control:** ambient and water temperatures may change throughout the years but your ice machine will stay the same (from AC106 to AC226 models).
- **Clean alert:** advises with a blink when it's time to clean the filter.
- **Front access condenser air filter:** a do-it-yourself cleaning operation that saves time and money and makes your ice maker live longer.
- **Individual transparent solid cube:** each single cube is an artwork: crystal clear and perfectly shaped, faithful to the Scotsman tradition.
- **Scale accumulation preventing system:** traps ice makers' enemy No. 1 in one place and makes it harmless.
- **PWD - Progressive Water Discharge:** pumps excess residual water up to a distance of 15 meters.
- **Ergonomic access to ice with sliding disappearing door:** one-touch door lift, makes barman's life significantly easier.

Gourmet ice A top-class must

Pure, hard, crystal clear, slow melting and compact ice, with no holes.

The cubes are individually formed by spraying water onto a subcooled horizontal evaporator.

Available in 3 different sizes.
