HIGHLIGHTS

- **Stainless steel horizontal evaporating drum:** for a life-long working endurance.
- **Floor standing compatible:** delivers ice straight into carts, trolleys or ice boxes (compact version only).
- **Plug-and-work technology:** starts off and constantly produces ice thanks to a no-cycle harvesting system (compact version only).
- **All water in / all ice out concept** (no cycles, zero water wastage): limits to almost zero excess energy, water and time wastage.
- **Compact configuration:** includes evaporator, compressor and condensing units.
- **Split configuration:** evaporator supplied only. For connections to remote condensing units, either dedicated or centralized.

Scale ice

The coldest form of ice,
melts at a slow and regular rate.

Less than 2% residual water content.
